

Question 24. What is your age?

	Obs	Mean	Std. Dev.	Median	Min	Max
Age	9803	38.87	10.31	37	19	91

The following graph shows that age distribution of our sample is very close to the normal distribution.

*  is an inverse normal curve

Age group	Frequency	Percent
30 or less	2315	23.6
between 31& 40	3686	37.6
between 41& 50	2418	24.7
50 or more	1384	14.1
Total	9803	100.0
